WORK EXPERIENCE

Junior Frontend Developer

Trellissoft, Inc

1 Aug 2023 - 7 Feb 2025

- Built LMS modules (Assessments, User Management, Licensing) in Angular 16, enhancing responsiveness & usability by 30%.
- Redesigned UI components, increasing user engagement by 25% and accessibility compliance to WCAG 2.1 standards.
- Implemented weightage tracking logic, ensuring accurate section-wise scoring & validation.
- Optimized frontend performance (lazy loading, modular components), reducing page load time by 30%.
- Led UI/UX improvements, refining design, layouts, and usability, enhancing engagement by 15%.
- Led code reviews & best practices, ensuring a scalable frontend architecture.

Internship

Creative Joule's

2 Aug 2022 - 14 Oct 2022

UI/UX Project on Mental Health (Competition Winner)

- Led a team of five, driving key decisions and ensuring a structured, professional workflow.
- Designed core user flows and prototypes in Figma, creating an intuitive user experience.
- Mentored teammates new to Figma, enabling effective collaboration.
- Played a major role in execution, contributing significantly to the winning design.

Web Designer Intern

Brushflicks

Oct 2021 - Nov 2021

- Completed an e-commerce website project using Hostinger and WordPress, gaining hands-on experience in web design and deployment.

PROJECTS

MERN Stack Chat Application

Blabber ([GitHub Repo](#))

- Built a real-time chat application using React.js, Socket.io, Node.js, and MongoDB.
- Implemented user authentication, real-time messaging, media sharing and chat rooms.
- Enhancing with Group Chats and push notifications to improve user engagement

Final Year Project

Remote Delivery Service App

- Developed a MERN stack delivery app, reducing manual processing time by 40%.
- Designed and implemented KYC pages using Tailwind CSS for a seamless user interface.
- Worked on distance and cost algorithms to optimize delivery routes and pricing.
- Collaborated with the team on various frontend tasks, ensuring smooth project completion

SKILLS

Frontend Technologies:

Angular (16), TypeScript, React.js, Tailwind CSS, HTML, CSS, JavaScript, Redux, NGRX

Backend Technologies:

Node.js, Express.js

UI/UX & Product Design:

Figma, Wireframing, Prototyping

Tools & Platforms:

Git, REST APIs, Postman, Jira, VS code

Databases:

MongoDB, MySQL, Postgresql

Programming Languages:

C++, Python

EDUCATION

BE Computer Engineering | 8.96/10
Agnel Institute of Technology and Design

2019-2023

CERTIFICATES

The joy of computing using Python

• Completed NPTEL course with 82%

React JS workshop

• Participated in National level 1 week online workshop

Complete Full Stack Website Developer Course

• Udemy (March 2025)

ADDITIONAL EXPERIENCE

- Mentored junior developers and assisted teammates in resolving coding challenges.
- Passion for freelancing, animation, and puzzle solving.
